**Section 1 - Chemical Product and Company Identification**

**Chemical Name:** Toilet Deodorizer  
**Product Use:** Preparation of deodorizing solution for portable toilets.  
**Manufacturer Information**  
WALEX Products Company, Inc.  
P.O. Box 3785  
Wilmington, NC 28406  
Phone: +1 910 371 2242  
Emergency # 1-800-424-9300 (CHEMTREC USA)  
1-703-527-3887 (CHEMTREC Int'l)

**General Comments**  
CHEMTREC telephone number is to be used only in the event of chemical emergencies involving a spill, leak, fire, exposure, or accident involving chemicals.

**Section 2 - Hazards Identification**

**Emergency Overview**  
**WARNING.** Product is a blue liquid with a pungent, fragrant odor. Combustible liquid. Contact can cause moderate to severe irritation and possible injury to the eyes. This product may be irritating to the respiratory system and skin. Contact with skin can cause irritation and allergic reaction (sensitization) in some individuals. This product may be harmful if it is swallowed. Acute ingestion or inhalation may cause central nervous system effects. This product may be harmful to aquatic organisms.

**Potential Health Effects: Eyes**  
Contact can cause moderate to severe irritation and possible injury to the eyes.

**Potential Health Effects: Skin**  
This product may cause irritation to the skin. This product may cause an allergic skin reaction. Prolonged or repeated contact may worsen irritation. Product contains components which may be absorbed through the skin.

**Potential Health Effects: Ingestion**  
This product may be harmful if it is swallowed. Ingestion can cause gastrointestinal irritation, nausea, vomiting and diarrhea. May cause irritation of the throat, stomach, and gastrointestinal tract. Acute ingestion of this product may result in central nervous system effects including headache, sleepiness, dizziness, slurred speech and blurred vision.

**Potential Health Effects: Inhalation**  
Inhalation of vapors or mists of the product may be irritating to the respiratory system. Acute inhalation of this product may result in central nervous system effects including headache, sleepiness, dizziness, slurred speech and blurred vision.

**HMIS Ratings: Health: 2 Fire: 1 Physical Hazard: 0 Pers. Prot.: Gloves, Goggles**

Component Information/Information on Non-Hazardous Components

Other components consisting of 10-40% of the total composition are considered trade secrets and are being excluded from disclosure under terms of OSHA 29 CFR 1926.29 and 29 CFR 1928.21. The hazards of this (these) ingredient(s) are given on this MSDS.

This product is considered hazardous under 29 CFR 1910.1200 (Hazard Communication).

*** Section 4 - First Aid Measures ***

First Aid: Eyes
Remove contact lenses, if worn. Immediately flush eyes with lukewarm water for at least 15 minutes, while holding eyelids open. Seek medical attention at once.

First Aid: Skin
For skin contact, wash immediately with soap and water. Immediately take off all contaminated clothing. Wash contaminated clothing before reuse. If irritation persists, get medical attention.

First Aid: Ingestion
Do not induce vomiting. Call a physician immediately. Never give anything by mouth to a victim who is unconscious or is having convulsions.

First Aid: Inhalation
If inhaled, immediately remove the affected person to fresh air. Call a physician if symptoms develop or persist.

*** Section 5 - Fire Fighting Measures ***

General Fire Hazards
See Section 9 for Flammability Properties. Combustible liquid. If product is heated above its flash point it will release flammable vapors which can burn in the open or be explosive in confined spaces if exposed to ignition source. Mists or sprays may be flammable below its normal flash point.

Hazardous Combustion Products
Combustion products include fumes, smoke, carbon monoxide, carbon dioxide and nitrogen dioxide. Upon combustion, this product may yield toxic vapors/fumes of bromine.

Extinguishing Media
Dry chemical, foam, carbon dioxide, water fog.

Fire Fighting Equipment/Instructions
Fire fighters should wear full-face, self contained breathing apparatus and impervious protective clothing. Fire fighters should avoid inhaling any combustion products.

NFPA Ratings: Health: 2 Fire: 1 Reactivity: 0
Hazard Scale: 0 = Minimal 1 = Slight 2 = Moderate 3 = Serious 4 = Severe

*** Section 6 - Accidental Release Measures ***

Containment Procedures
Stop the flow of material, if this is without risk. Remove sources of ignition. Block any potential routes to water systems.

Clean-Up Procedures
Ventilate the contaminated area. Wear appropriate protective equipment and clothing during clean-up. Scoop up used absorbent into drums or other appropriate container. Regulations vary. Consult local authorities before disposal.

Evacuation Procedures
Isolate area. Keep unnecessary personnel away.

Special Procedures
Wear appropriate personal protective equipment to prevent contact with eyes and skin. Avoid inhalation of mists or vapors from the spilled material.

*** Section 7 - Handling and Storage ***

Handling Procedures
Eliminate all sources of ignition. Prevent eye and skin contact. Prevent inhalation of mists or vapors. Avoid prolonged exposure. Wash thoroughly after handling.
Material Safety Data Sheet

Material Name: EXODOR® PT-500™ II Portable Toilet & Holding Tank Deodorizer

Storage Procedures
Keep the container tightly closed and in a cool, well-ventilated place. Keep away from ignition sources and incompatible materials.

*** Section 8 - Exposure Controls / Personal Protection ***

Exposure Guidelines
A: General Product Information
Attempts should be made to eliminate all contact with skin and eyes, and to limit inhalation exposure.

B: Component Exposure Limits
Ethyl alcohol (64-17-5)
- ACGIH: 1000 ppm TWA
- OSHA: 1000 ppm TWA; 1900 mg/m³ TWA
- NIOSH: 1000 ppm TWA; 1900 mg/m³ TWA

Engineering Controls
Ventilation should effectively remove and prevent buildup of any mists or vapors generated from the handling of this product.

PERSONAL PROTECTIVE EQUIPMENT

Personal Protective Equipment: Eyes/Face
Wear chemical goggles. Add a face shield if splashing possible.

Personal Protective Equipment: Skin
Use impervious gloves.

Personal Protective Equipment: Respiratory
If ventilation is not sufficient to effectively prevent buildup of vapors or mists, appropriate NIOSH approved respiratory protection must be provided.

Personal Protective Equipment: General
Use good industrial hygiene practices in handling this material. Eye wash fountain and emergency showers are recommended.

*** Section 9 - Physical & Chemical Properties ***

**Appearance:** Blue liquid  **Odor:** Pungent fragrance
**Physical State:** Liquid  **pH:** 4 - 6
**Vapor Pressure:** Not determined  **Vapor Density:** Not determined
**Boiling Point:** Not determined  **Melting Point:** Not determined
**Solubility (H2O):** 100%  **Specific Gravity:** 1.1
**Freezing Point:** -15°C (5°F)  **Flash Point:** >65°C (>150°F)
**Flash Point Method:** Not available  **Auto Ignition:** Not determined
**Upper Flammability Limit (UFL):** Not determined  **Lower Flammability Unit (LFL):** Not determined
**Percent Volatile:** 30%

*** Section 10 - Chemical Stability & Reactivity Information ***

Chemical Stability
Stable under normal conditions.

Chemical Stability: Conditions to Avoid
Keep separate from incompatible materials. Avoid generating splashes or mists of this material.

Incompatibility
May react with strong oxidizing agents and acids.

Hazardous Decomposition
Combustion products include fumes, smoke, carbon monoxide, carbon dioxide and nitrogen dioxide. Upon combustion, this product may yield toxic vapors/fumes of bromine.

Possibility of Hazardous Reactions
Will not occur.
*** Section 11 - Toxicological Information ***

Acute Dose Effects
A: General Product Information
The toxicological properties of this material have not been fully investigated. Product is expected to be harmful if swallowed, cause moderate to severe eye irritation and damage, and cause skin, respiratory system, and gastrointestinal tract irritation. Contact with skin can cause irritation and allergic reaction (sensitization) in some individuals.

B: Component Analysis - LD50/LC50
Surfactant Mixture (Proprietary)
Oral LD50 Rat: 426 mg/kg

Ethyl alcohol (64-17-5)
Inhalation LC50 Rat: 124.7 mg/L/4H; Oral LD50 Rat: 1501 mg/kg

Surfactant (Not Available)
Oral LD50 Rat: 20000 mg/kg; Dermal LD50 Rabbit: 20800 mg/kg

Repeated Dose Effects
Ethyl alcohol is responsible for fetal alcohol syndrome which includes a number of teratogenic results: spontaneous abortions, birth defects and developmental problems.

Carcinogenicity
A: General Product Information
No information available for the product.

B: Component Carcinogenicity
Ethyl alcohol (64-17-5)
ACGIH: A4 - Not Classifiable as a Human Carcinogen

*** Section 12 - Ecological Information ***

Ecotoxicity
A: General Product Information
Components of this product are hazardous to aquatic life.

B: Component Analysis - Ecotoxicity - Aquatic Toxicity

Ethyl alcohol (64-17-5)

Environmental Fate
No additional information available.
*** Section 13 - Disposal Considerations ***

US EPA Waste Number & Descriptions
A: General Product Information
Wastes must be tested using methods described in 40 CFR Part 261 to determine if it meets applicable definitions of hazardous wastes.

B: Component Waste Numbers
No EPA Waste Numbers are applicable for this product's components.

Disposal Instructions
Dispose of waste material according to Local, State, Federal, and Provincial Environmental Regulations. See Section 7 for Handling Procedures. See Section 8 for Personal Protective Equipment recommendations.

*** Section 14 - Transportation Information ***

US DOT Information
Shipping Name: Not regulated as a hazardous material.

TDG Information
Shipping Name: Not regulated as a dangerous good.

*** Section 15 - Regulatory Information ***

US Federal Regulations
A: General Product Information
Components of this product have been checked against the non-confidential TSCA inventory by CAS Registry Number. Components not identified on this non-confidential inventory are exempt from listing (i.e. as polymers) or are listed on the confidential inventory as declared by the supplier.

B: Component Analysis
None of this product's components are listed under SARA Section 302 (40 CFR 355 Appendix A), SARA Section 313 (40 CFR 372.65), or CERCLA (40 CFR 302.4).

SARAS311/312: Acute Health: Yes Chronic Health: No Fire: No Pressure: No Reactive: No

State Regulations
A: General Product Information
Product may be subject to reporting in states other than those listed for individual components.

B: Component Analysis - State
The following components appear on one or more of the following state hazardous substances lists:
